

Transfer Between Providers Procedure

1 Purpose

This Procedure outlines how the University (UniSQ) assesses and manages requests from Student visa holders to transfer between registered providers within the first six calendar months of study in their principal program.

2 Scope

This Procedure applies to Student visa holders within the first six calendar months of study in their principal program, and who are either enrolled at UniSQ or seeking to transfer to UniSQ from another registered provider.

This Procedure does not apply to following Students however these Students are still required to advise the University in writing of their withdrawal from studies to ensure cancellation of their Confirmation of Enrolment (CoE):

- non-Student visa holders;
- Students who have completed six or more calendar months of their principal program; or
- Students with an Official Sponsor, where the sponsor considers the change to be in the Student's best interests and has provided written support for the transfer.

3 Procedure Overview

Student visa holders who wish to transfer between registered providers within the first six calendar months of their principal program must follow specific processes, including applying for and obtaining a letter of release from their current provider, in accordance with the National Code 2018.

This Procedure aligns with the:

- *National Code of Practice for Providers of Education and Training to Overseas Students (2018): Standard 7: Overseas Student Transfers.*

4 Procedures

To apply to transfer to or from another registered provider within the first six months of the Student's principal program, the Student must demonstrate that the transfer would be in their best interest.

The six-month period is calculated from the date the Student commenced (or is due to commence) their principal program, excluding any breaks due to Deferment or Suspension. The principal program is the main program of study to be undertaken by a Student where the Student visa has been issued for multiple programs, and is usually the final program of study.

4.1 Students seeking transfer from UniSQ to another provider

The University will consider a release request within the first six months of the principal program when the transfer is deemed to be in the Student's best interest. Valid grounds for a release may include:

- UniSQ fails to deliver the program as outlined in the written agreement
- the Student provides evidence that their reasonable expectations about the current program are not being met
- there is evidence that the Student was misled by the UniSQ or an education or migration agent regarding the UniSQ or its program, and the program is therefore unsuitable to their needs and/or study objectives
- the Student is involved in an Appeal (internal or external) on another matter that results in a Decision or recommendation to release the Student
- there is evidence of unexpected circumstances beyond the control of the Student that have had an impact on the Student's Academic Progress or wellbeing
- the program is academically unsuitable for the Student, for instance, where the Student is better suited to a different learning environment, the program does not meet their educational or developmental needs, or the Student is unable to achieve satisfactory progress at the level at which they are studying, even after engaging with UniSQ's intervention strategy
- the Student has not met the conditions of their offer letter for the principal program. This includes the conditions of any Pathway Program and offers involving packaged programs and articulations.

Circumstances for refusal include situations where:

- the Student has an unpaid debt to UniSQ

- the request is made within the first six weeks of the program commencing
- the Student has not made a genuine attempt to participate in the program or engage with an intervention strategy implemented by UniSQ to improve the Student's academic performance
- it is deemed by UniSQ that a transfer is not in the best interest of the Student
- the documents provided by the Student do not provide, in UniSQ's view, adequate grounds to justify the transfer.

4.1.1 Application Process

To request a release, Students must complete and submit an application form to the University's International Office. There is no fee associated with the application.

Before the University assesses the release request, the Student must provide the following documentation:

- a statement outlining the reasons for the request to transfer to another registered provider and how the Student will benefit from the transfer
- a copy of the documentary evidence referred to in the statement, where applicable
- a valid letter of offer from another registered provider
- if the Student has an Official Sponsor, confirmation of support for the transfer from the sponsor
- for Students under 18, confirmation that their parent or legal guardian supports the transfer, along with evidence that the receiving provider accepts responsibility for the Student's accommodation, support, and general welfare arrangements, in accordance with Standard 5 of the National Code 2018.

Once submitted, the Student will receive acknowledgment that their request has been received. The application will be assessed by the Director (International Admissions and Governance) in accordance with the requirements outlined in this Procedure, and Students will be notified of the outcome in writing within 10 University Business Days of receipt of the request and supporting documents.

4.1.2 Successful Outcome

If the request is approved, the Student will be notified that their University CoE has been cancelled, and the release will be recorded in the Provider Registration and International Student Management System (PRISMS), along with the effective date and reason for release.

UniSQ will advise the Student to seek visa-related guidance from the Australian Government Department responsible for Immigration. Any applicable fee refunds will be administered according to the Refund of Student Fees Policy.

4.1.3 Unsuccessful Outcome

If the request is denied, the Student will be informed in writing of the following:

- the Decision and the reasons for it, reflecting the Student's individual circumstances
- the Student's right to transfer to another registered provider after completing six calendar months of their principal program
- the Student's right to Appeal the Decision within 20 University Business Days, in accordance with the Student Grievance Resolution Procedure.

If an Appeal is submitted, the refusal status will not be finalised in PRISMS until the Appeal is resolved.

4.2 Students seeking transfer to UniSQ

UniSQ will not knowingly enrol a Student visa holder seeking to transfer from another registered provider within the first six months of their principal program, unless one of the following conditions is met:

- the releasing provider or the program in which the Student is enrolled has ceased to be registered;
- the releasing registered provider has had a sanction imposed on its registration that prevents the Student from continuing their program with that provider; or
- the Student's Official Sponsor considers the transfer to be in the Student's best interest and has provided written support.

If a Student visa holder requests to transfer to UniSQ within the first six months of their principal program of study with another Australian registered provider, UniSQ will be alerted through PRISMS during the confirmation of Enrolment process. If the Student cannot provide a release letter from their original registered provider, the Student's application will not be processed.

4.3 Record-keeping

The University will maintain all records of requests, any correspondence relating to the request

and the University's Decision on the Student's file. The University keeps records of Student visa holder transfer requests for two years after the Student ceases to be an accepted Student.
