This procedure does not apply to:

- casual Employees;
- honorary or adjunct title holders;
- volunteers; or
- contractors.

This procedure does not apply to University Consultancy Work. Refer to the University Consultancy Procedure and the University Costing and Pricing Procedure (Research and Consulting).

3 Procedure Overview

This procedure defines Outside Work, describes the various categories of Outside Work, sets out the terms and conditions relating to Outside Work, and provides a process for seeking approval to undertake Outside Work.

4 Procedures

All Employees are required to prioritise their employment with the University and to devote their ordinary hours of work to their service of the University, in accordance with the terms and conditions of their employment agreement, the Enterprise Agreement, and their performance goals set during the performance planning and review process.

4.1 Definition of Outside Work

Outside Work refers to any paid or unpaid work performed by an Employee, for any external organisation or for themselves, and includes, but it not limited to, self-employment, independent contracting, consulting, outside directorships, or employment by a family company or other entity.

Categories and Requirements for Outside Work

Categories of Outside Work	Definition	Approval Requirements
Outside directorship	<p>Refers to an Employee's service on a board, management committee, or similar group which fulfills a governance function for an external organisation.</p> <p>Outside directorships may be considered related Outside Work, or unrelated Outside Work, depending on the nature of the outside directorship and its relationship to the Employee's duties.</p>	Approval is required for outside directorships considered related Outside Work, considering the benefit and Risk to the University.
Related Outside Work	Related Outside Work that is related or similar to the Employee's position or role with the University, but which does not include the University as a party to the agreement for Outside Work.	Requires written approval and must not involve the University as a party.
Unrelated Outside Work	Unrelated Outside Work means any Outside Work that is neither related nor similar to the Employee's position or role with the University, and which does not include the University as a party to the agreement for Outside Work.	Does not require written approval unless it interferes with University duties, involves Conflicts of Interest, or misuses the Employee's position.

Outside Work may be approved provided it is consistent with the Employee's obligations under the Conflict of Interest Policy, and if:

- the Outside Work could not reasonably be undertaken by the employee as part of their role as an Employee;
- the Outside Work does not pose a Risk to the University;
- the Outside Work does not constitute a Conflict of Interest for the Employee that cannot be managed with a Conflict of Interest Management Strategy;

- the Outside Work is consistent with the outcomes of the performance planning and review process and the allocation of work to the Employee;
- the Outside Work will not impact or interfere with the Employee's ability to undertake the duties and responsibilities of their position or role with the University; and
- the Outside Work does not present a Risk to the health and safety of the Employee or others.

4.2 Application for Outside Work

Employees must obtain prior written approval for Outside Work as per section 4.1.

Some Outside Work is also prohibited and will not be approved under any circumstances. Outside Work is prohibited, as determined by the University, if it poses a Risk to the business, operation, profitability, brand, or reputation of the University, or is a Conflict of Interest for the Employee that cannot be effectively mitigated or managed.

4.2.1 Disclosure

New Employees must disclose any pre-existing Outside Work, prior to commencing their employment with the University.

Existing Employees must disclose all known and proposed Outside Work.

Employees are required to continually declare their interest in Outside Work on each occasion an opportunity for Outside Work arises, and to obtain written approval prior to undertaking the Outside Work as per section 4.1.

Employees are required to notify the University if there is any change in the circumstances which relate to the Outside Work, including changes in relation to the external organisation or the nature of the Outside Work being undertaken.

If an Employee becomes aware of this Procedure after commencing Outside Work, they must notify their Supervisor immediately and either cease the Outside Work, or seek approval for the Outside Work as soon as possible.

4.2.2 Application

Employees must request approval to undertake Outside Work in writing, by completing the approved form.

Employees are required to provide sufficient details of the Outside Work to enable the University to identify, assess, and manage any Conflicts of Interest (for example, use of University Intellectual Property) which may arise from the Outside Work, and fully consider and respond to the Employee's request for Outside Work.

4.2.3 Decision

Following discussion with the Employee, and upon receipt of the Employee's request for Outside Work, the Supervisor will either:

- refer the Employee's request for Outside Work back to the Employee for further details in relation to the Outside Work and management of Conflicts of Interest or other concerns; or
- forward the Employee's request for Outside Work to the relevant Category 3 Delegate, or the relevant supervisor if the Employee is a Category 3 Delegate or above, for consideration and Decision.

The relevant Category 3 Delegate, or the relevant supervisor if the Employee is a Category 3 Delegate or above, will either:

- refer the Employee's request for Outside Work back to the Employee for further details in relation to the Outside Work and management of Conflicts of Interest or other concerns;
- approve the Employee's request for Outside Work; or
- deny the Employee's request for Outside Work on the basis that it does not meet the requirements of this Procedure and/or is inconsistent with the Employee's obligations under the Conflict of Interest Policy.

The relevant Category 3 Delegate may seek advice and guidance from the relevant Category 2 Delegate in relation to making a Decision in accordance with this Procedure.

4.7 Outside Directorships

If an outside directorship is considered related Outside Work, the Employee must obtain written approval prior to accepting the outside directorship. Specifically:

- if the Employee is a University appointee or nominee, or can otherwise reasonably be considered as a representative of the University in respect of the outside directorship, they must obtain prior written approval from the relevant Category 2 Delegate; and
- if the Employee is not a University appointee or nominee, and cannot otherwise reasonably be considered as a representative of the University in respect of the outside directorship, they must obtain prior written approval from relevant Category 3 Delegate, or the relevant supervisor if the Employee is a Category 3 Delegate or above.

An outside directorship which is considered related Outside Work, may only be approved if the outside directorship:

- has been assessed as bringing significant benefit to the University; and
- has been assessed as not exposing the University to significant Risk.

If an outside directorship is considered unrelated Outside Work, the Employee is not required to obtain approval prior to accepting an outside directorship, provided the outside directorship is not prohibited Outside Work and is consistent with the Employee's obligations under the Conflict of Interest Policy.

4.8 Withdrawal of Approval

The relevant Category 3 Delegate, or the relevant supervisor if the Employee is a Category 3 Delegate or above, may withdraw approval for Outside Work at any time, with reasonable Notice to the Employee.

If Outside Work changes in a way that results in the breach of this Procedure, the Employee who undertakes the Outside Work must notify their Supervisor as soon as they become aware of the breach and must take appropriate steps to remedy the breach in accordance with the Conflict of Interest Policy and with this Procedure.
