

# Academic Programs and Courses Quality Policy

## 1 Purpose

To describe the University's standards that underpin the development, accreditation and quality assurance of Academic Programs and Courses.

## 2 Scope

This policy applies to all Award Programs and non-Award pathways offered by the University.

## 3 Policy Statement

The University is committed to offering a quality institutional Academic Program Portfolio including pathway offerings in line with the University's commitment to access and equity.

This Policy aligns with the:

- *Higher Education Standards Framework (Threshold Standards) 2021*: Standard 3.1 Program (Course) Design, Standard 5.1 Course Approval and Accreditation, Standard 5.3 Monitoring, Review and Improvement

## 4 Principles

The University is dedicated to continually enhancing the quality and reputation of its Academic Programs by ensuring that its programs:

- are aligned with the University's strategic directions;
- satisfy the University's prevailing requirements for the relevant type of program, and the requirements of any applicable external regulator and professional accreditation body; and
- have a specified structure demonstrably effective in enabling the achievement of the program's stated Learning Outcomes including any applicable Graduate Attributes and inherent requirements.

And that its programs and Courses:

- uphold the academic standards of the University;
- encompass the principles of best practice in curriculum design and utilise learning technologies and teaching approaches to provide for the broadest range of delivery modes; and
- when offered, are viable enough to be adequately resourced.

The University considers robust program and Course review and analysis essential in the provision of quality Academic Programs.

All Academic Programs made available for Student Enrolment at the University must be accredited by the University before establishment, in accordance with the Program Accreditation Procedure.

The University will undertake a systematic and tiered process of review to ensure that the quality and standards of its programs and Courses are maintained and enhanced over time.

<b>Years 5-7</b> <b>Comprehensive Program Review</b>	Interim Review and Annual Program Reports inform the Comprehensive Program Review which may trigger program changes, suspension or discontinuation	Coursework Program Quality Assurance and Review Procedure  Program Change, Suspension and Discontinuation Procedure

If any change is made to an Academic Program, the University must ensure all Students enrolled in that program are informed of the change, and if relevant, any applicable transitional arrangements or options.

If an Academic Program is to be disestablished, any Students within that program must be supported to either complete the program within the designated 'teach-out' period or transitioned to another program of a similar nature.

Award nomenclature will be standardised wherever possible.

## [Academic Program Portfolio](#)

The collection of programs that may be offered by the University.

## [Award](#)

The qualification conferred upon a Student following the successful completion of an Academic Program. The categories of Award are listed in the Program Nomenclature Schedule .

## [Course](#)

A discrete element of a program, normally undertaken over a single Study Period, in which the Student enrolls, and on completion of which the Student is awarded a grade.

## [Enrolment](#)

The process of admitting Students to one or more Courses for the current Academic Year.

## [Graduate Attributes](#)

Qualities, skills and disciplinary expertise that Students should develop during their time with the University and which are valued by the University community, employers and society.

## [Learning Outcomes](#)

The expression of the set of knowledge, skills and the application of the knowledge and skills a person has acquired and is able to demonstrate as a result of learning.

## [Pathway Program](#)

Generally, pathway offerings are designed to provide access to higher education to potential Students who have not qualified through prior study for direct entry and normally focus on preparing them for university study by assisting them to develop the necessary academic and study skills. Pathways may act as an entry point into an appropriate higher education Award Program for those who successfully complete the pathway.
