

# Administrative Access Scheme Procedure

## 1 Purpose

To identify the process to be followed when assessing access requests for information, held by the University, without the need for a formal application under the *Right to Information Act 2009* (RTI Act) or the *Information Privacy Act 2009* (IP Act). The procedure outlines the responsibilities of Enterprise Information Management Services and provides guidelines for processing access requests.

This procedure is pursuant to the University's Administrative Access Scheme Policy.

## 2 Scope

This procedure applies to all access requests for information received from University Members and the public.

## 3 Procedure Overview

This procedure outlines the processes involved in:

- access to a Student file (applicant's personal information)
- access to an Employee file (applicant's personal information)
- other information held by the University.

## 4 Procedures

### 4.1 Applications

All requests for access to information must be made, in writing, and submitted to Enterprise Information Management Services. However, applicants are encouraged in the first instance to discuss their request with Enterprise Information Management Services.

Refer Section 7 below for information concerning application lodgement.

#### 4.1.1 Access to Student File (applicant's personal information)

Students seeking to apply for access to their own Student file must complete a **Request to**

**Access Student file form** which is available on-line. Refer Section 7 below.

Completed forms and identification such as Student identification card or a current Queensland Driver Licence must be submitted to Student Administration for verification.

Enterprise Information Management Services will process all requests and send the relevant Documents to the Student by preferred method i.e. post or email.

#### **4.1.2 Access to Employee File (applicant's personal information)**

Employees seeking to apply for access to their own employee file must complete a Request to Access Employee File Form. Hard copy forms are also available from the People Portfolio, S Block. Completed forms and suitable identification such as the employee identification number must be submitted to the People Portfolio or Enterprise Information Management Services, O4 Block. Refer Section 7 below.

**Supervisor access:** Supervisors who require access to an employee's file must complete a Request to Access Employee File (Supervisor) Form. Hard copy forms are also available from the People Portfolio. Completed forms must be submitted, as per 4.1.2 above. Refer Section 7 below.

#### **4.1.3 Other access requests**

All requests, **other than for access to a Student or Employee file**, must be made in writing (email, facsimile or letter) and addressed to the Manager (Enterprise Information Management). Requests must include the applicant's full name, signature, contact details and sufficient detail about the requested information to assist in the search, retrieval and determination process. Email requests must include a scanned attachment containing the applicant's signature. Refer to Section 4.5 of this procedure for contact details.

Each request will be considered on its own merit taking into consideration Out of Scope Material, identified per Section 6 below. On each occasion the Manager (Enterprise Information Management) will refer to the publicly accessible USQ Publication Scheme to determine if information requested may be readily available from that particular source. Refer Section 7 below.

Where information requested is not readily available from the USQ Publication Scheme the Manager (Enterprise Information Management) will liaise directly with the relevant senior manager responsible for oversight of the requested information and/or relevant University activity to ascertain whether or not the information can be released under the Administrative Access process i.e. without the need to resort to a formal RTI application.

All negotiated outcomes i.e. decisions to release or not release between the Manager (Enterprise Information Management) and senior management will be documented by either email, file note or both. The Manager (Enterprise Information Management) will maintain an appropriate file to record all such decisions.

Should the University make a determination not to administratively release the requested information the Manager (Enterprise Information Management) will, in accordance with the University's obligations under the RTI Act , inform the applicant of their rights to seek access under the RTI Act, or, if applicable, under the IP Act. Refer Section 4.4 below.

## 4.2 Release of Information

The University is committed to protecting the privacy of information relating to its Students and Employees. Personal information of an individual will not be disclosed to any other third party without the individual's consent unless required or authorized to do so by law. To ensure that only authorized people receive the requested information, the University may seek further information and/or documentation from an applicant to verify their identity, including but not limited to, sighting of a current Queensland Driver Licence, or Student or Employee identification card.

The University may, at its discretion, refuse to deal with an application under the Administrative Access Scheme that does not meet the University's requirements or is deemed to be unreasonable e.g. requests for information previously provided to the applicant or voluminous requests. In these circumstances applicants may be required to seek access through the formal process i.e. an application under the RTI Act or the IP Act. Refer Section 4.4 below.

## 4.3 Fees and Charges

Fees and charges are dependent on the category of Documents requested.

- **Student and employee files** (applicant's personal information)
  - nil fees and charges apply
- **Employee file accessed by a supervisor** with appropriate authority
  - nil fees and charges apply
- **Other information:**
  - where information can be easily retrieved from sources such as the University's Publication Scheme or University Policy Library - refer Section 7 below.
    - nil fees and charges apply where reasonable resources and effort will be required to identify and retrieve requested information
    - search/retrieval fee - \$30.00
    - reproduction costs - \$0.25 per A4 page

## 4.4 Alternative methods to access information

Access to information may also be sought by:

- making an application under the RTI Act.
- making an application under the IP Act.
- subpoena or other instrument of legal discovery.

A formal request under the RTI Act or IP Act for information held by the University may be lodged with Enterprise Information Management Services by completing the RTI & IP Application Form. Refer Section 7 below.

## 4.5 Further information

Further information concerning the USQ Administrative Access Scheme can be obtained by contacting:

Manager  
Enterprise Information Management

West Street  
University of Southern Queensland  
TOOWOOMBA QLD 4350  
Telephone: (07) 4631 2303  
Email: [righttoinformation@usq.edu.au](mailto:righttoinformation@usq.edu.au)

## 4.6 Processing timeframes

Enterprise Information Management Services will endeavour to process Administrative Access requests as follows:

### 4.6.1 Student information requests

- **Student File:**
  - **1 x day** after receipt of request
- **Student placement (Faculty) file:**
  - **14 x days** after receipt of request
- **Other** (list specific Documents):

- **1 to 3 x days**, subject to level of urgency and workloads

#### 4.6.2 Employee information requests

- employee request - **1 to 3 days** after receipt of request
- supervisor's request - **1 x day** after receipt of request

For further information refer to Section 7 below.

#### 4.6.3 Other requests

All requests, **other than for access to a Student or Employee file**, will be processed within 25 business days by the Manager (Enterprise Information Management) taking into consideration the following:

- the complexity, breadth and scope of the request
- the format and accessibility of the information requested
- the necessity for consultation/negotiation with senior management and others
- the volume of Documents falling within the scope of the request
- work-loads and priorities of Enterprise Information Management Services.

### 4.7 Confidential Information

University members must respect the privacy of others and ensure that personal information is accessed and used only for University purposes and not disclosed to third parties unless required or authorised by law. Individuals who have access to such information have a duty to maintain the confidentiality, integrity and security of such information, irrespective of the storage medium.
