

Student Academic Misconduct Penalty Schedule

1 Purpose

To set out the penalties for Academic Misconduct.

2 Scope

This schedule must be read in conjunction with the Student Academic Misconduct Procedure and is subordinate to it.

3 Schedule

A penalty for a particular Student is determined on the basis of the evidence and on consideration of the following factors:

- whether it is reasonable to believe that the Student did not intend to gain an unfair advantage
- whether the Student is in their first eight (8) Courses of study
- the extent to which the Student has previously engaged with educational/remedial actions relating to Academic Misconduct, including those required by a previous finding of Academic Misconduct
- whether the Student makes any admission of Academic Misconduct
- the nature and extent of the Academic Misconduct
- the impact of the Academic Misconduct
- the timing of notification to the Student regarding an earlier finding of Academic Misconduct in relation to the date of submission of the Assessment Item that forms the basis of the current finding
- the requirements of the *Human Rights Act 2019* (Qld).

The penalty should be proportionate and commensurate with the level, significance and impact of the Academic Misconduct. Educational interventions which inform the Student about appropriate academic practice must be applied in addition to any penalties outlined in the table

below.

The descriptions listed are common scenarios and are not exhaustive.
