Public Information

1 Definition

Information should be classified as Public - AI Open when the unauthorised disclosure, alteration, or destruction of that Information would result in little or no risk to the University. While little or no controls are required to protect the confidentiality of Public Information, some level of control is required to prevent unauthorised modification or destruction of that Information.

Public Information is not considered sensitive; therefore, it may be granted to any requestor or published with no restrictions. The integrity of Public Information should be protected and in particular, the growing social media phenomenon casts doubts on the messages contained within.

The appropriate Information System Custodian must authorise replication or copying of the Information in order to ensure it remains accurate over time. The impact on the University should Public Information not be available is low.
