

Restricted Information

1 Definition

Information should be classified as Restricted when the unauthorised disclosure, alteration, or destruction of that Information could cause a significant level of risk to the University or its affiliates. Restricted Information includes Information protected by the State or Commonwealth privacy regulations and Information protected by confidentiality agreements. The highest level of Security Controls should be applied.

Access to Restricted Information must be controlled from creation to destruction, and will be granted only to those persons affiliated with the University who require such access in order to perform their job (e.g. need-to-know). Access to Restricted Information must be individually requested and then authorised in writing by the Information System Custodian. Restricted Information is highly sensitive and may have personal privacy considerations, or may be restricted by law. In addition, the negative impact on the institution should this Information be incorrect, improperly disclosed, or not available when needed, is very high.
