

# Library Policy

## 1 Purpose

To establish the role of the Library in supporting and strengthening the University's learning, teaching and Research Activities through the library's services, facilities, collections and Employees.

## 2 Scope

This Policy applies to all Students and University Members.

## 3 Policy Statement

The University is committed to creating, maintaining and managing a high level of Information and Information services for its community. University libraries, including the Library, provide spaces, services and opportunities for study and Research, as well as for social and co-curricular learning and related activities.

To achieve this purpose, the University strives for excellence in the availability, usability and accessibility of Library facilities, services and content.

This Policy aligns with the:

- *Higher Education Standards Framework (Threshold Standards) 2021: Standard 3.3 Learning Resources and Educational Support*

## 4 Principles

The University affirms that libraries are forums for the creation and sharing of Information and ideas.

The Library supports the University's learning, teaching and Research Activities by:

- collecting, curating and enabling access to content that is targeted, high quality and diverse, and containing both physical and digital resources that are easily accessible
- offering Information and learning support services and facilities designed to anticipate the needs of the University's diverse Student cohort and to enhance the Student

experience

- employing professional and academic Employees who are responsive, client-centered and skilled in learning and teaching, Research support, digital literacy, library management, community engagement and outreach.
