

Complaints Management Procedure

1 Purpose

To establish the process for the management of Complaints that is systematic, fair and timely, and in accordance with principles of Procedural Fairness.

2 Scope

This Procedure applies to anyone wishing to make a Complaint to or about the University.

This Procedure will be applied by the University in receiving and managing Complaints where no other University Policy, Procedure or process applies.

Complaints about Employee conduct or performance, or Student conduct or performance, are managed in accordance with relevant University Policies and Procedures as listed in Section 7.

3 Procedure Overview

This Procedure outlines the steps involved in resolving Complaints.

In some cases, the University may be legally obligated to refer the matter directly to the appropriate external agency. The University's obligations in respect of a disclosure of information about suspected wrongdoing in the public sector are set out in the Public Interest Disclosure Policy. The University will inform the Complainant of a referral, where permitted to do so.

This Procedure aligns with the:

- *Higher Education Standards Framework (Threshold Standards) 2021: Standard 2.4 Student Grievances and Complaints*
- *National Code of Practice for Providers of Education and Training to Overseas Students (2018): Standard 10: Complaints and Appeals*

4 Procedures

4.1 Early resolution at the local level

In the first instance, complainants are encouraged to try to respectfully resolve their Complaint

at the local level, where possible. This should be with the person or area most directly involved with, or responsible for, the subject matter of the Complaint.

If a Complaint raised at the local level is resolved to the satisfaction of the complainant and the University, no further action is required.

If the Complaint is not resolved at the local level to the satisfaction of the complainant, or the complainant is uncomfortable raising the Complaint at the local level, then the complainant may lodge a Complaint.

4.2 Lodging a Complaint

Complaints must be lodged within six (6) months of the Complaint arising or when the complainant first becomes aware of the facts and circumstances of the Complaint. The University will only consider a Complaint lodged after six (6) months if the complainant can provide reasonable justification for the delay in submission.

Complaints are lodged using the relevant online forms, where available, or by contacting the person or area responsible for the subject matter of the Complaint.

The University will normally acknowledge receipt of the Complaint within five (5) University Business Days.

4.2.1 Assessment of a Complaint

Once the Complaint has been received by the relevant person or area, it will be assessed to determine the actions that are required, including redirecting the Complaint to the appropriate area should the matter fall under the scope of a different University Policy Instrument or process.

Additional information may be sought from the complainant to assist in the assessment of the Complaint.

In assessing the Complaint, consideration may be given to:

1. whether the Complaint involves a communication problem or misunderstanding that can be resolved through an explanation, discussion, or apology
2. the time that has elapsed since the concern occurred
3. alternative ways of resolving the Complaint
4. the significance of the Complaint to the complainant and to the University.

The University can decline to consider a Complaint where:

1. there is insufficient connection with the University
2. it is a frivolous or Vexatious Complaint
3. there is insufficient information to enable proper examination
4. it is outside the reasonable time limits specified for the applicable resolution process
5. it has been previously dealt with under another appropriate University process
6. it is more aptly dealt with as feedback.

A complainant will normally be advised in writing within 10 University Business Days of acknowledgement of receipt of the Complaint on how the matter will be managed including, where appropriate, referral to a different University Policy Instrument or process.

4.2.2 Outcome of a Complaint

On the receipt of the Complaint, the relevant University Employee may request further documentation, check University records, conduct interviews, facilitate conversations or take any other actions reasonably required to resolve the Complaint.

The University will endeavour to resolve all Complaints within 20 University Business Days from the date of acknowledgement of the Complaint, where practicable. The University will notify the complainant of the outcome in writing.

A Complaint outcome is final and there is no internal University appeal or review mechanism available to complainants.

Unreasonable complainant conduct will be managed in accordance with the relevant Policy Instruments.

4.2.3 Internal review of Complaints management process

A complainant who is dissatisfied with the process used by the University to manage their Complaint may seek advice from the Student Ombudsperson (Students) or the Director (Integrity and Professional Conduct) on alternative pathways for resolution.

4.2.4 Application to external agencies

A complainant who is dissatisfied with the outcome of their Complaint may apply to the appropriate external agency to resolve their Complaint. Some external agencies require that all relevant University Complaints processes have been exhausted before they will consider the matter. If a Complaint is accepted for investigation by an external organisation, the University will normally suspend any in-progress University investigation until the external investigation has been completed and all reports submitted.

4.3 Other considerations

4.3.1 Anonymous Complaints

The University will consider anonymous Complaints, taking into account whether:

1. the nature or seriousness of the Complaint warrants action
2. there is sufficient information provided for the matters raised to be investigated
3. there is a statutory requirement to consider such anonymous Complaints.

The University's ability to investigate and resolve anonymous Complaints may be limited.

4.3.2 Withdrawing a Complaint

A complainant may withdraw a Complaint at any time by notifying the University in writing. In most circumstances, the University will take no further action.

Where there is a statutory requirement for the University to act on concerns raised in or related to a Complaint, the appropriate actions will be taken including possibly referring the Complaint to an external agency. The University will advise the complainant of any referral, where permitted to do so.

4.3.3 Costs

The University does not charge any fees for lodging or resolving Complaints. Any costs incurred by the complainant in the process will be borne by the complainant without any right to compensation from the University.

4.4 Record management

In accordance with University Policy Instruments and regulatory obligations, Employees involved in Complaints management processes are responsible for maintaining complete and accurate records of all communications pertaining to a Complaint, including:

1. copies of all documentation and correspondence with the complainant including emails sent and received
2. a written record of the outcome of any internal process including the reasons for any outcomes reached

3. evidence of any action taken by the University in response to the Complaint.

4.5 Confidentiality and privacy

The personal information of the complainant and any people who are the subject of a Complaint should be kept confidential and only used for the purposes of addressing the Complaint and any follow up actions.

The University will not disclose personal information collected during the Complaint process to a third-party except in circumstances where the complainant has given their consent, or the University has an obligation to do so. This may include:

1. to prevent or lessen a serious threat to the life or health of an individual the information is related to
2. to produce records required by law
3. to notify a law enforcement or government agency as required by law
4. where a duty exists to disclose information to a professional accreditation entity.

4.6 Reporting

Complaints will be used as part of the University's process of continuous improvement to mitigate against recurring issues.

An annual report on Complaints managed under this Procedure, coordinated through the Associate Provost's Office, will be provided to the Vice-Chancellor's Executive.
