

# Higher Degree by Research Student Annual Progress Review Schedule

## 1 Purpose

To establish the process and responsibilities for the annual progress review for Higher Degree by Research (HDR) Students.

## 2 Scope

This schedule must be read in conjunction with the Higher Degree by Research Student Progress Procedure and is subordinate to it.

## 3 Schedule

All HDR candidates who have successfully passed the confirmation process are required to participate in the annual progress review during each year of Enrolment unless they are under examination or on an approved Leave of Absence.

### 3.1 Timing

Confirmed Students are responsible for completing an annual progress review, the first of which is due 12 months after confirmation. Subsequent progress reviews will occur every 12 months.

Students will have 10 University Business Days to complete their section of the progress review before assigning it to their supervisor.

### 3.2 Student Notice

Students will be reminded of the requirement that they complete an annual progress review via their University-issued email account as their respective due dates approach.

### 3.3 Student details and ratings

As part of the annual progress review, Students will be required to enter and confirm the following Information:

- Primary details (Student name, Student number, contact details)
- Thesis title

- Supervisory team details (names, organisational units, contact details)
- Milestone plan (Gantt Chart - template provided)
- Comments on progress
- Self-rating (scale of 1 - 4)
- Supervisor rating (scale of 1 - 4)
- Any problems and/or difficulties experienced
- Additional details (such as scholarships, previous Interim Reports, ethics clearances, publications/ePrints submissions)

Once the Student has finalised their section of the annual progress review, they will forward it to their principal supervisor for consideration. Any comments or ratings related to the supervisor, will not be available for viewing by the supervisory team.

Students are encouraged to make use of the available support services if required.

The purpose of the annual progress review is to confirm the progress a Student is making towards completing their Program. If the Student fails to complete their annual progress review or forward their review to their principal supervisor, they will be placed on Conditional Academic Standing (CAS). Please refer to the HDR Student Progress Procedure for further details on the CAS process.

### **3.4 Supervisor ratings**

On receipt of the annual progress review from the Student, the principal supervisor will review the submission, make a recommendation on the Student's progress, and send the review back to the Student. At this point, the Student will have the opportunity to review the principal supervisor's comments and address them, prior to submission to the Graduate Research School (GRS).

Once the annual progress review is returned from the supervisor, it is the Student's responsibility to submit their completed annual progress review to the GRS.

The supervisory team may confidentially raise any issues or concerns they have, with regards to the supervision of an HDR Student, to the GRS as per the HDR Supervisor Procedure.

### **3.5 Graduate Research School Review**

Where the Student meets the criteria for 'satisfactory progress' the annual progress review will be closed with a 'satisfactory outcome' and the Student will be notified via their University-

issued email account.

Where the Student does not meet the criteria for 'satisfactory progress', the annual progress review will be forwarded to the Higher Degree by Research (HDR) Coordinator for evaluation and action, as appropriate.

### **3.6 HDR Coordinator Assessment**

Consistent with the HDR Student Progress Procedure, following consideration of the review, the HDR Coordinator may:

- Request further Information from the Student and/or supervisor;
- Deem as 'satisfactory outcome' and close the review as completed; or
- Recommend completion of an Interim Report to address any concerns raised during the progress review.

The Student will be notified of the Decision via their University-issued email account.

### **3.7 Interim Report**

Where a Student's annual progress review is not deemed as 'satisfactory outcome' an Interim Report will be required to address any concerns that were raised during the review. The Student and supervisory team will be notified via their University-issued email accounts. The Student will have three (3) months to complete the report and demonstrate satisfactory progress.

Requirements of the report and the due date will be outlined in the Notice sent to the Student and will include a reporting template. The Interim Report will need to be approved by the principal supervisor and submitted to the GRS.

Interim Reports will be assessed by the HDR Coordinator. Where the Interim Report is assessed as satisfactory, the Student's annual progress review will be closed as 'Satisfactory Progress'.

Where the Interim Report is not assessed as satisfactory, the Student will be placed on CAS. Please refer to the HDR Student Progress Procedure for further details on the CAS process.

If the Student fails to submit an Interim Report within the required timelines, the Student will be placed on CAS.
