1 Definition

Export Controls refers to the control of the supply, export, publication or brokering of military and dual-use goods and technology. Australia's Export Controls include the physical export of controlled goods and technology from Australia; the intangible transfer (e.g., emails) of controlled technology from Australia to overseas; the publishing of controlled military technology; and the brokering of controlled military goods and technology. It also includes 'catch all' (or 'end-use') controls.
